Important USA and Canada compliance Information This device complies with part 15 of the FCC rules and Industry Canada license-exempt RSS standard(s). 2 x Bose SoundTouch 20 Series III Wireless Music System (White) The Bose SoundTouch 20 Series III Wireless Music System in white is a compact, Bluetooth-enabled speaker that allows you to wirelessly stream music from your smartphone, tablet, or computer with the touch of a button. Common solutions The following table lists symptoms and possible solutions to common problems. You can also update software using the button pad. Page 29 E N G L I S H - 2 9... You can also manually check if an update is available in the SoundTouch app by completing the following steps: In the SoundTouch app, select Menu (≡) > Settings > Speaker Settings. Discover New Music with SoundTouch With SoundTouch, you can discover, explore, and enjoy new music and old. The app also transforms your phone into a convenient remote so you can control your music from anywhere in your home. If you don't have this cable, contact Bose customer service. It can take up to two weeks from a release date before the latest update is available for your system. If you could not resolve your issue, see the table below to identify symptoms and solutions to common problems. If the UPDATE button appears grayed out, there is no update currently available for your system Note: Updates are released in batches, so not all users receive updates at the same time. The warranty information provided with this product does not apply in Australia or New Zealand. B L U E T O T H ® T E C H N O L O G Y 2. Volume is being adjusted. Quickly set your favorite music as a preset—so you can access it effortlessly on any SoundTouch system or remote With multiple SoundTouch systems, stream different music in different rooms, play the same music in every room From time to time, updates will be available for your SoundTouch system. Power on the speaker. Improving upon the wireless performance of previous models, the SoundTouch 20 Series III uses an enhanced dual-band wireless platform that's designed to achieve better speed, range, and have less interference with other Wi-Fi devices. P R E S E T P E R S O N A L I Z A T I O N You can personalize six presets to your favorite streaming music services, stations, playlists, artists, albums or songs from your music library. W I R E D C O N N E C T I O N S Connect to the AUX connector You can connect the audio output of a smartphone, tablet, computer or other type of audio device to your speaker's AUX connector. Page 3 • Connect the equipment to an outlet on a different circuit than the one to which the receiver is connected. Grow Your System Start with one SoundTouch system and add more components whenever you want. 1. Page 2 I M P O R T A N T S A F E T Y I N S T R U C T I O N S Please read and keep all safety and use instructions. 3. Quickly set your favourite music as a preset—so you can access it effortlessly on any SoundTouch system or remote With multiple SoundTouch systems, stream different music in different rooms or play the same music in every room From time to time, updates will be available for your SoundTouch system. UPC: 017817694414 Owner's guide support: Quick start guide: SoundTouch systems will search for updates automatically upon opening the SoundTouch app. Note: Updates are released in batches, so not all users receive updates at the same time. Plug the power cord into the connector on the speaker. The USB connector is not designed to charge smartphones, tablets, similar devices or the speaker itself. 01... SoundTouch and the wireless note design are registered trademarks of Bose Corporation in the U.S. and other countries. Music services may vary. Wirelessly stream millions of songs through Spotify, Pandora, iHeartRadio, Deezer, as well as Internet radio stations and your own music library. M E S S A G E S O N T H E D I S P L A Y The display shows speaker information and icons, and may include album or artist. W I - F I ® I N D I C A T O R The front of the speaker has an indicator that shows Wi-Fi status. Visit: global.Bose.com/Support/ST20III for contact information. • The USB connector on the back of your speaker is for computer setup only. If you do not see the prompt, the file may have downloaded automatically. On your mobile device, turn on the Bluetooth feature. 9 Connect the speaker to power10 Speaker Controls Power on the speaker It grants you access to thousands of Internet radio stations and your stored music library, so you can always find the perfect soundtrack for any situation. S P E A K E R C O N T R O L S Power on the speaker On the button pad or the remote control, press Tip: You can also press a preset or to power on the speaker. It can take up to 2 weeks from a release date before the latest update is available for your system. Look for the Update.stu file in the footer or header of your browser's window, or in your Downloads folder Connect a USB cable from your computer to the Micro-USB jack on the back of your SoundTouch system At the update screen, select "CHOOSE FILE" (If the button doesn't work, click the blank field to the right of "CHOOSE FILE") In the file selection window, find and select the Update.stu file you downloaded in step 2. When an update is available, the SoundTouch app will prompt you to install the update when you open the app. iHeartRadio is a registered trademark of iHeartMedia, Inc. • Apple users: download from the App Store • Android™ users: download on the Google Play™ store • Amazon Kindle Fire users: download from the Amazon Appstore for Android Follow the instructions in the app to complete setup, including adding the speaker to your Wi-Fi network, creating a SoundTouch®... WARNINGS/CAUTIONS Do not ingest battery, chemical burn hazard. Control buttons The speaker controls are on the button pad and on the remote control. Power cord* *May ship with multiple power cords. I N I T I A L S E T U P Placement guidelines To avoid interference, keep other wireless equipment 1 - 3 ft. If you're experiencing issues with an update, you can update manually by following the steps below. The AUX connector accepts a 3.5 mm stereo cable plug (not provided). 2. Use the power cord for your region. Your speaker tries to reconnect with the most recently connected mobile device. • A USB A to USB Micro B cable is commonly used for charging mobile devices. Failure to register will not affect your limited warranty rights. If the coin/button cell battery is swallowed, it can cause severe internal burns in just in just 2 hours and can lead to death. Note: If part of the speaker is damaged, do not use it. 22 Disable Wi-Fi capability22 Re-enable Wi-Fi capability Download and install the SoundTouch® On your smartphone or tablet, download the Bose® SoundTouch® app. Using the presets, you can quickly access your favorite music sources. In addition to standard functions, the remote allows you select from your personalized presets and rate the music you're listening to. If you don't have a Wi-Fi network or Bluetooth-enabled device, this system also features a wired Ethernet connection. When available, the SoundTouch app will prompt you to update upon opening the app. The SoundTouch 20 Series III features an OLED display that provides in-depth song, artist, station, and connectivity information and includes an IR remote for system control. Before you can stream music from a mobile device, you must connect the mobile device with your speaker. In addition to wireless and Bluetooth connectivity, this unit features a 3.5mm input for connecting wired audio sources such as MP3 players. All SoundTouch devices work together to play the same music in every room, or different music in different rooms, depending on your preference. The remote control supplied with this product contains a coin/button cell battery. Page 30 ©2016 Bose Corporation. The Mountain, Framingham, MA 01701-9168 USA AM785078 Rev. Note: For information on using the SoundTouch® app to play your presets, visit global.Bose.com/Support/ST20III E N G L I S H - 1 5... A D V A N C E D F E A T U R E S Update software The SoundTouch® app alerts you when a software update is available, at which time you can update the software using the app. SoundTouch® Users* on page 13. If the UPDATE button appears grayed out, there is no update currently available for your system. Contact your authorized Bose® dealer or Bose customer service. E X I S T I N G S O U N D T O U C H ® U S E R S Add the speaker to an existing account If you have already set up SoundTouch® on another speaker, you do not need to download the SoundTouch®... In addition to providing a room-filling sound experience, the SoundTouch 20 Series III can also be paired with any other SoundTouch system in order to create a multi-room audio system. 22 Care and Maintenance Clean the speaker23 Customer service
